

NoBogey

An On-Demand Golf Caddie Booking App

by: Raf Montañó

OVERVIEW

Caddies are an essential part of golf and players often find themselves struggling to find an available caddie, especially one that matches their playstyle and schedule. **NoBogey** is a mobile app that allows (1) golfers to find and book caddies ahead of time and (2) caddies to find consistent clients and build a professional portfolio.

GOALS

1. Eliminate Caddie Uncertainty for Golfers
2. Personalize the Golfing Experience
3. Modernize Payments
4. Professionalize the Golf Caddie Industry
5. Improve Overall Service Quality

PAIN POINTS ADDRESSED

1. Difficulty finding preferred caddies
2. Scheduling conflicts
3. Lack of professional caddy profiles
4. Pen-and-paper whiteboard booking at clubhouses
5. No digital tracking

KEY FEATURES & FUNCTIONALITY

For Golfers

1. Home Page
 - Landing page featuring the golf courses nearby and your recent/top list of caddies
2. "Find a game"
 - Shows golf courses near the area

- Shows the available caddies for the selected golf course and their caddie profile
 - Administers the caddie booking
- 3. Caddie Profile
 - Shows experience level, availability, handicap knowledge, language skills, and ratings from previous golfers
- 4. Cashless payment
 - API with GCash to facilitate in-app payments
- 5. Profile
 - Shows user profile and history

For Caddies

1. Profile Management
 - Shows the digital client roster and an editable schedule for availability
2. Earnings Dashboard
 - Shows the income and expenses of the caddie
3. Performance Metrics
 - View ratings and feedback from golfers
4. Professional Portfolio
 - Tailored professional portfolio based on performance metrics
